

RIDING TO FIGHT KIDS CANCER

Hi Xenontech,

THANK YOU so much for your making a \$212.40 donation to support Mark Alvaran in the Great Cycle Challenge to fight kids' cancer!

Your donation will support life-saving research into the prevention, diagnosis, treatment and cure of childhood cancer.

Because right now, over 600 Australian children are diagnosed with cancer every year, and sadly, 3 die every week.

Kids should be living life, not fighting for it.

Xenontech, it would be great if you could also share Mark's fundraising page on Facebook to encourage others to show their support and help these kids.
